When you are worried by backache; By lameness and urinary disorders—Don't experiment with an untried medicine.

Follow Norway people's example. Use Doan's Kidney Pills. Here's Norway testimony:

W. O. Needham, retired farmer, 230 Main St., says: "At different times when I have taken cold my kidneys were affected. I began using Doan's Kidney Pills when my kidneys needed a tonic and they always strengthened my kidneys and cleared my system of the excessive uric acid. I always felt better in a short time and I know Doan's are what gave me relief. (Statement given July 24, 1908.)"

On September 3, 1920 Mr. Needham said: "I haven't changed my opinion of Doan's Kidney Pills. Doan's benefited me greatly and I haven't lost an opportunity of recommending them since."

AMERICAN PHYSICIAN'S GREAT TONIC
BROUGHT HERE BY LEADING DRUGGISTSTHOUSANDS NEARBY
QUICKLY BENEFITED

Remarkable Results Accomplished by Dr. Thacher's Vegetable Tonic Discussed All Over U. S. and Canada.

Announcement was made by leading druggists yesterday that they have made arrangements with laboratories in the United States whereby their customers in— and surrounding sections may now obtain the vegetable tonic made famous by Dr. H. S. Thacher, the distinguished American Physician.

DR. H. S. THACHER
Distinguished American Physician

WHY DRUGGISTS SOUGHT IT

This vegetable tonic first won recognition in Dr. Thacher's private practice. It was observed that his patients got astonishingly quick and lasting relief when it was used in difficult cases of indigestion, constipation, nervousness, lack of strength, energy and vigor, and the many symptoms resulting from sluggish liver and acid condition of the stomach and blood.

Test after test has been made! Persons in a large number of cases report that Dr. Thacher's vegetable tonic not only reached and corrected the cause of troubles like those described above but that it gave them lasting relief.

EXCELLENT RECORD MADE!

So great were the demands upon his professional skill Dr. Thacher soon found himself unable to personally visit all who sought his aid. Realizing that it offered the only solution—the help—leading druggists persuaded Dr. Thacher to allow them the privilege of selling this nourishing vegetable tonic to their customers. His consent now makes it possible for the people to obtain it at the better drug stores without prescription and at a surprisingly small cost.

EXCELLENT RECORD MADE

Records of leading druggists show that of every 5,000 bottles sold an

average of less than two have been returned. Yet every bottle is sold with the understanding that the purchase price will be refunded unless the strengthening tonic (known as Dr. Thacher's Liver and Blood Syrup) gives complete satisfaction.

HOW IT GIVES RELIEF
There is a reason for its success. Dr. Thacher's Liver and Blood Syrup is not limited to the virtues of just one medicine. It is a combination carefully selected from the most ingredients known to modern medical science—prescribed by the most eminent physicians in the United States and Canada. Each ingredient has a definite part in nourishing, toning and strengthening various parts of the system.

This is why large numbers of test cases have shown that it increases appetite, improves digestion, soothes and tones the over-taxed nerves—why it gently corrects constipation, and sends purer, healthier blood coursing through the veins. When the system is thus toned, it is but natural that you have greater physical beauty and that delightful feeling that can come only as a result of strength, vigor and energy.

COMPARE

The Maximum of Proved VS. Many Extravagant Claims
Intrinsic Value of Superiority

Many announcements of new model cars contain extravagant claims for the same superiorities that it is puzzling to the buyer to know which value is real and which is only a claim.

This year the issue has been confused by the introduction of mechanical changes, some of which have been rushed into production while still in the experimental stage—and then immediately given wide publicity.

Important considerations have been overlooked and great stress placed upon unimportant details.

But the man who intends to buy a motor car need not let this confusion or this glamour of publicity lead him to make a mistake or risk satisfaction in his purchase. The automobiles themselves are available for comparison.

See and be convinced. Riding is believing. As an aid to intelligent buying we offer the following suggestions:

Place the 1924 model Studebaker Light-Six Touring Car at \$995 alongside any car you may select as belonging in the same class. Every car looks well in the pictures—most cars make a good impression in their own show windows. The Studebaker Light-Six looks a winner alongside the best-looking competitor you can find. And it is larger, more substantial, roomier, more comfortable looking—and is more comfortable.

Compare the top. Look inside and out. The Studebaker top is sturdily built. Has four stout cross bows. Top material is same as is satisfactorily used in the Big-Six. Notice the fit, feel the quality. The rear curtain is one-piece—has no seams—with a large rectangular window bound by an enameled molding.

Compare the body. Studebaker has a roomy, substantial, carefully made body—all steel even to its framework, which permits a finish in baked enamel. A depressed belt line runs around the body and through the hood and radiator, adding to its distinctive appearance.

Compare the one-piece, rain-proof windshield, with built-in cowl lamps, with the ordinary two-piece windshield with rubber strip.

NEW RADIO BROADCASTING STATION

The most powerful radio broadcasting station in the world, relying exclusively on storage battery power, put its opening program into the air on Wednesday evening, September 26th, when WTAM, the large new broadcasting station of the Willard Storage Battery Company of Cleveland, joins the ever-growing ranks of radio transmitting stations.

On a wave length of 380 meters this company broadcasted its opening program from one of the most powerful stations yet built. WTAM has installed a 1,000 watt transmitter, making it one of a very few with such high wattage. WGY at Schenectady, heard all the way around the world, is transmitting with 1,000 watts.

Several Norway fans succeeded in picking up the station that night. Several reported hearing the musical program and announcements clearly, others caught indistinctly short strains of music and the speaking. At Elgin Greenleaf's garage, the Willard Battery head quarters, the station was picked up but not strong. Forrest Longley with a twin bulb set, one stage amplification heard distinctly. Guy Walker of Oxford listened in with the American Legion set and got it strong. Don Delano at the Ygger Neighborhood in Norway, heard a new station and is confident it was in touch with W T A M. There are probably others in the army of local fans who heard the new station.

The new station has been erected on a large lot adjoining the Willard plant. A substantial building to house the station provides separate rooms for the transmitting equipment, storage batteries, reception parlor and studio, with commodious dressing rooms for the artists who will entertain the invisible audiences.

The outstanding and unique feature of this station is that it not only has 1,000 watts for transmitting, but that storage batteries, which have for some time been recognized as the ideal source of power for clear and steady transmission, are being used exclusively. Huge racks of storage cells provide the 2,500 volts required by the 1,000 watt transmitter.

The station has been so planned and built that no moving machinery is in or near the station. Even the machinery for control of ventilation and heating is remotely situated from the building. An unusual form of aerial is employed specially designed to eliminate static interference. The antenna consists of 12 wires in a double cage of six wires each. This aerial has a span of 100 feet, with a weight of approximately 800 pounds. It is suspended at a height of about 185 feet between the two 140 foot towers. The giant towers are constructed of 4 inch angle iron to a height of 112 feet, the remaining distance being covered by 38 foot masts of wood. Stranded steel guys with numerous strain insulators, are set into concrete piers for back bracing, and the legs of the towers are deeply seated in more massive piers of concrete.

A counterpoise, 60 feet wide and 250 feet long, is supported by 12 inch I beams 12 feet tall immediately beneath the spread of the aerial. This counterpoise is composed of twelve 250 foot lengths of antenna wire spaced 5 feet apart.

The station is ideally located for perfect transmission. Eight miles from the business center of Cleveland and one-half mile from Lake Erie, there is no disturbing element to its transmission. It is more than a quarter of a mile from the nearest electric car line, minimizing a factor which is often troublesome to broadcasting stations.

Cleveland's best entertainers are already listed for this station. The Willard Company is determined to have nothing if not the best. Programs are to be broadcasted on Wednesday and Saturday evenings of each week, starting at 8:00 P. M. eastern standard time.

The Willard Company set out with the idea of building one of the world's best broadcasting stations. Neither time nor expense have been spared in securing and setting up the most perfect equipment that has yet been conceived. In spite of its 1,000 watts and its storage battery power, it will still have several worthy competitors for first place but by all reports, it bids fair to, enter immediately into the first rank of broadcasting stations.

Last Longer- Less Adjustment Buick Four-Wheel Brakes

Buick four-wheel brakes not only double the braking efficiency of the new 1924 Buicks by doubling the braking surface, but for the same reason lessen the wear on each brake mechanism in proportion. Buick four-wheel brakes last longer. They require less adjustment and the linings do not wear down as quickly.

Simple in construction and positive in action, Buick four-wheel brakes give added safety under all circumstances. They are of the Buick external contracting type and each brake has a three-quarter wrap or grip instead of the usual half-way grip.

Buick four-wheel brakes are operated with a slight pressure on the service brake pedal. They act quickly, smoothly and easily.

All 1924 Buicks (both fours and sixes) have these new four-wheel brakes. In addition, the 1924 Buicks embody further advancements in power, in construction and in beauty that make Buick more than ever "the Standard of Comparison".

\$127,197.50 in Quarterly Dividends Goes Out to 10,877 Stockholders

\$127,197.50 was mailed out this morning as quarterly dividends to the 10,877 stockholders of Central Maine Power Company.

Because this Company is financed almost wholly by Maine investors, this money will stay right here in Maine—money that Maine rivers, DEVELOPED, have earned for Maine people.

Is 68th Consecutive Dividend

For 68 consecutive times—first to a mere handful and then to steadily increasing numbers—Central Maine Power Company has always been able to pay its dividends, through good times and bad, and ALWAYS from EARNINGS.

As more and more Maine money is spent for more power stations, dams and lines, more and more dividends will be earned for Maine people.

The Company honestly believes that it is on a dividend record that is unending—that will

continue as long as Maine rivers flow to the sea.

Over 10,877 Maine people believe this, too. Many of our stockholders add to their investment in this Company a second, third and fourth time—people who know it best are our biggest stockholders.

If you, too, want to get in line with a dividend check on January 1, send in the coupon below. More information about this Company will be sent to you which you will, no doubt, find interesting.

Buy Your Tires from a Firestone DEALER

At the Latest Prices—The Lowest
in History

You will find the Firestone Dealer one of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton slid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cords. Each one of them

went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cords and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the dealers listed below.

Quilting Party
On Wednesday last Mrs. Spaulding Abbott entertained the ladies of the Heywood Club and the Neighboring Club. There were eighteen ladies present and the pastime was "a square for the Grange quilt." Each one brought pieces in great variety and soon enough squares were made to complete the number required and more too. The quilt was then set out and stitched together and the lining made ready which was a good afternoon's work.

At 4:30 the hostess sprung a complete surprise by serving the most delicious peach ice cream with sponge and chocolate cake. It had been decided that there was to be no treat as this was such a busy afternoon, but Mrs. Abbott couldn't resist filling her six guests' plates and of course the ladies accepted the refreshments with pleasure. The children on their way home from school were called in to have their share as well. It was a delightful fall day in every way.

The next meeting will be with Mrs. Young on Wednesday, October 10. All ladies interested in Norway Grange fair are expected to come and bring material or work towards the miscellaneous table.

An auction will be held at the Ezra Keene place, South Hartford, Saturday, October 13, at 10 o'clock. Sale includes cattle, farming tools and a few household goods.

Stark Bros. Nursery stock is sold by Edward Eastman of Paris, Me. See ad.

HARRISON

Mrs. Harriet N. Burnham.
Mrs. Harriet N. (widow of the late Naphtali H. Burnham) passed away at her home on Main St., Monday evening. Mrs. Burnham was the daughter of the late Amasa and Martha Steadman and was born in January, 1833. She was ninety years old and her death the oldest person in Harrison. Mrs. Burnham suffered poor health for many years and during that time was faithfully and tenderly ministered to by her daughter, Miss Fannie, with whom she made her home. She is also survived by one son, Lincoln M. and several grandchildren and two great grandchildren.

For several years Mrs. Burnham resided in Sanford, but later returned to Harrison. She was a member of the Congregational Church.

Funeral services were held at her late home on Wednesday afternoon at one o'clock. Rev. Doughty, pastor of the Methodist Church of Bridgton spoke comforting words. Burial was in the family lot at Riverside Cemetery, South Paris. The bearers were Ralph Burnham, M. H. Pitts, D. H. Green and Henry Purington.

Mrs. Mercy and Mrs. Mary Gray are moving into the Wheeler rent on Front St.

Mrs. J. Harvey Pitts and daughter, Elaine left Saturday for her former home in Kansas, where she will visit with relatives.

The program for a month or more of the Wronogene Literary Club, however, been issued and prove most interesting. The program committee were Mrs. Mary Gray, Mrs. Ada Whitney and Mrs. Martha Bennett.

Mr. and Mrs. Harry Maxfield and son Harold are at their home for a few weeks. Later they will go to Edes Falls for the winter, where Mr. Maxfield has employment.

Mr. and Mrs. Fred Kilgore have returned from Boston. Mrs. Kilgore's mother, Mrs. Rice, is moving here for the winter from her home in Winchester, Mass.

Mr. and Mrs. Webster Kilgore of Norway Lake and Mr. and Mrs. E. D. Rowe of Locke's Mills were in town to attend the funeral of Mrs. Harriet Burnham last week.

Marjorie Burnham is assisting in E. C. Green's grocery store.

Mona Green is studying piano with Fred Hill of Portland and goes on Saturday to her lessons.

Arnold Merrill is taking violin lessons of Miss Eldridge of Portland, who is an assistant of Mr. Fisher.

Walter Mains and A. P. Stanley each have new Velocars.

Henry Purington and Thomas Fagan were in Winthrop the past week, going to Mr. Purington's new car.

Arthur Libby of Portland spent several days the past week at the home of his parents, Mr. and Mrs. A. W. Libby, on Elm street. On Monday, Mr. Libby for a short trip.

Mr. and Mrs. George A. Flint spent Sunday at South Bridgton with their nephew, George F. Bryant and family.

Mr. and Mrs. Roy Lamb and Mrs. Lewis Merrill recently visited at Poland Springs, where they were the guests of John Walker and Marguerite Merrill who are employed there.

Miss Bertie Burnham is visiting relatives in Bridgton.

Mr. and Mrs. Jesse E. D. Purington of Winthrop were guests the past week of his parents, Mr. and Mrs. Henry Purington on Front street.

Mr. and Mrs. J. H. Randall and Mrs. D. H. Green attended Rochester fair the past week. Mr. Randall's famous trotter "Wilgus" is at the Randall farm at So. Harrison for the present.

C. H. Hill is at the Eye and Ear Hospital in Portland where he had a slight operation on his throat.

Norway Advertisers are on sale at B. M. Davis' store each week.

Millet-Brown

The wedding of Clyde Millett and Doris Brown both of Waterford, took place Friday evening at the home of the bride's aunt, Mrs. Ella Charles, at No. Waterford. The ceremony was performed by Rev. C. N. Eliopoulos.

The bride wore a pretty dress of white and carried white flowers. Mrs. Millett was born and has always lived in Harrison, where she has many friends. They will reside with her grandmother, Mrs. C. O. Brown at South Waterford.

Leonard Pitts, Moreau Burnham and Doctor Farr went to Winchester Tuesday on business. Mr. Farr will remain for a short visit.

Mr. and Mrs. Jesse Libby of Portland are at their home on Main street this week.

G. Emerson, who has been confined to his home with the grip, is able to attend to his business once more.

BRYANT'S POND

Freshman Reception
Much credit is due the sophomore class for the successful reception they gave the freshmen class of Woodstock high school. Among the committees were Bertha Tyler, Helen Farrar, Thora Brown and their assistants and Harris Hathaway general captain for the hilarious Freshies.

A pretty program of games and dances were enjoyed by the young and old, later refreshments of cake, sandwiches and lemonade were served. Music was furnished by the high school teachers, Miss Knolton and Miss Niles at piano and mandolin with George Emery at the drums.

Among the freshmen present were Carrie Cole, Evelyn Coffin, Everett Davis, George Forbes, Jr., Frank Jordan, Gordon Farnum, Miss Kothning, Miss Martin, Seymour McAllister and Florence Whitman.

Mrs. Grace Bryant Soule of Freeport is the guest of her aunt, Emily J. Felt. Mr. and Mrs. Fred Cole and Mrs. Flora J. Cole are spending ten days in Massadise visiting friends, they went in their auto.

Last Sunday Mr. and Mrs. H. D. Bryant entertained Rev. O. L. Stone of Norway and Mr. and Mrs. Charles Dunham of South Paris. Rev. O. L. Stone, preacher, was the guest.

Rev. A. W. Young is expected to be here next Sunday.

Mrs. R. F. Willard, Mrs. G. W. Stennings, Ruby Willard and Emily Felt attended the Sunday School convention at Bethel, Friday.

Leona and Archie Felt were week end guests of their mother, Emily J. Felt. Mrs. Eli Noyes fell down stairs and broke her wrist, recently.

Mrs. Ida Porter of South Paris will load a car of apples, Friday and Saturday, October 5 and 6.

BATES—WEST PARIS

Mrs. C. H. Lane has opened the store for a mark down entire stock sale and the place is for sale. Leland Lane of Berlin, guardian of his brother, with his son, Paul and two other young men are in charge. There is not much change in the condition of C. H. Lane or his son-in-law as has been reported from Augusta.

Although Mr. Lane knows all of his acquaintances when they call on him.

Nellie Marshall of East Waterford visited her sister, Mrs. C. E. Stearns, a few days last week.

J. W. Cummings is employed as janitor at the new schoolhouse.

Mr. and Mrs. A. R. Tuell attended a reunion of the Bisbee and Stevens families on Sunday, Sept. 23, at the home of Mr. and Mrs. Arthur Stevens. The day was quietly spent in a social way with music on the victrola. A bountiful dinner with a plenty of ice cream. About thirty people were present.

Grange News

Five members of the West Paris Grange attended Pomona at South Waterford, Tuesday. They were Mrs. C. A. R. Tuell, Mrs. Mary Stevens, Mrs. Columbia Dunham and Mrs. Anna W. White. They all went in Frank Andrews' car and had a delightful ride and entertainment.

Senator Fernald was the chief speaker and he was both inspiring and entertaining. Some real facts from all earnest, interested men from the very center of our U. S. government are good to hear and know. A little girl there recited in a most pleasing manner a poem of welcome to Senator Fernald and presented him with a large bouquet of beautiful dahlias and other home garden flowers. There were three other good speakers beside Mr. McIntire, who introduced Judge Whitman of Norway, who had a world peace resolution to present which was adopted by a rising vote, and Rev. H. A. Markley who represents the Maine Civic League. The whole program in fact, which included several recitations, musical numbers, tableaux and a good wedding was one of the best ever produced at a Grange gathering.

Oxford Pomona officers and members are invited to Upton Grange Saturday, Sept. 13. A basket lunch with coffee by the entertaining grange will be taken by each. A large attendance is requested at the next regular Grange meeting here as there is some business of importance to attend to. A good program also is expected.

Mr. and Mrs. Rolin Dismore of Sanford were here over Sunday at her parents', Mr. and Mrs. F. H. Hill's.

Mrs. Rose Perkins and husband have been visiting at S. R. Johnson's.

Rev. H. F. Aldrich has gone to Hallowell to the M. E. preachers' conference this week.

Clara Berry and Ruth Tucker attended the Bates and Oxford University, Eng. debate at Lewiston last week. Miss Berry being a graduate of Bates, had the privilege of two seats at this debate. Lauri Immoos took them in his auto.

Mrs. A. T. Hollis is reading a devotional from her mother, Mrs. Ryerson of West Sumner.

Mrs. Anna Perkins went to North Paris Friday and gave a child welfare talk in the grammar school.

The men of the Universalist Church will serve a supper and present an entertainment at Good Will Hall, West Paris, Wednesday, Oct. 10. Supper from 6 to 7 p. m., and entertainment at 7:45 p. m., comprising vocal and instrumental music and readings by the popular Alfred Morse of South Paris.

EAST OTISFIELD

Mrs. William L. Carly of Boston, Mass. who has been visiting her daughter, Mrs. Chas. E. Butler, Pond View Cottage, Butler Island, for the past two weeks, returned to her home in Massachusetts, Thursday accompanied by her grandson, Sheldon H. Carly, who has been spending the summer with his aunt at the Island.

Family Gathering

Mr. and Mrs. Charles E. Butler entertained a very enjoyable family gathering at Pond View Cottage, Butler Island, on Sunday. The occasion will be long remembered. It was the first time in 17 years that every member of the Butler family could be present. Among those present were Mrs. Cora Butler of Portland, Mrs. John Plummer and daughter of Westbrook, Mrs. Walter E. Frank and daughters of Washburn, Mr. and Mrs. Vernon Butler and daughter of So. Portland, Mr. and Mrs. Dana H. Hamlin and family, Mr. and Mrs. Joseph A. Butler and family of East Otisfield.

Mrs. Silas Bates and son Luther of South Windham visited Mr. and Mrs. Frank E. Frost and Mr. and Mrs. Peter Wood, recently.

Mr. and Mrs. H. C. McAllister and family and Eddie Knight of Casco were at their uncle's, Peter Wood's, Wednesday night.

Mr. and Mrs. Lewis Stone of North Windham visited their cousins, Mr. and Mrs. Frank E. Frost, Sunday, September 16.

Thomas Jackson of Portland is in town visiting relatives and friends.

Community Fair

WELCHVILLE

Probably a thousand and more attended the Community Fair staged by the Oxford Grange at Welchville on Saturday, making it the biggest affair of this kind in the history of the local grange. The show centered about the Grange hall with a fine exhibit and dinner inside and a colony of lively vendors along the highway. Baseball games in an adjoining field and pulling horses on a side road with pigs and cattle in the Grange stable near the hall made a proper setting for this big annual event. Everybody made merry with bawdy fall weather to bring a smile and set the dimes sliding into the pockets of the fakirs.

Hot dogs, ice cream cones and fruit were the staple products along the joy row, all being washed down with soft drinks and a varied assortment of candy with pop corn for a relish. Youngsters fell for the gas balloons and much older youngsters spent cash on the various games offering blankets, baby dolls and trinkets. Henry Downes, a familiar figure at the fairs interested the strong armed youth with the high striker while Jim Quinn of Oxford presenting his "Mourful Mona," attracted good business by offering a dollar prize to any person tossing three balls into Mona's open face. Bob York another old timer had a good sized refreshment tent and carried a large assortment. Davis' Home-Made Ice Cream was in demand at a neatly arranged booth. William Seates entertained with an harmonica and sang many popular songs. The crowd kept him busy until his wind stopped and he was forced into retirement. Business was good at the Grange booth where refreshments were served.

The poultry exhibit was in a room in the Grange building. Mr. and Mrs. Dallas L. Benson showed Pit games, Sid Taylor games and Single Comb-Ancones. Howard Coy had Barred Rocks. White Wyandottes and a pen of Rhode Island Reds carried no name. Eugene and Frank Walker showed Belgian hares and white rabbits. Judges were Grant Abbott, Norway, H. A. Chester and John P. Hall, Oxford.

Only two exhibits were on hand in the cattle department. A. L. Chaplin had five head of registered Herefords and Richard M. Tyner showed three head of Guernseys. This stock was in prime condition and good for a much larger fair.

C. K. Denning made a good display with two Berkshire hares and three Duroc Jersey pigs.

The hall display was not so large as in past years but none the less interesting and attractive. Fancy work predominated. Each article was worth while and nicely done.

Louise Boyker, aged 6 showed a crocheted serving set, pin holder and watch safe holder. Mrs. Gardner Edwards displayed guest towel and lunch set. A quilt containing 409 pieces, one inch square, with border was attractive and made by Mrs. Edwards.

Mrs. Perley Bryant had an embroidered apron; Mrs. H. A. Hannaford, table runner; Esther Caldwell, aged 11, general exhibit of needlework; Mrs. Lucy Donahue, fine crocheted table runner; Mrs. A. L. Chaplin two beautiful peacock feather and butterfly serving trays made by Mary Coy; Mrs. Agnes Davis, sofa pillow and table runner, the work of Mrs. Rosalie Lamigan.

Mrs. Rose Daniels offered embroidered table covers, a crocheted tray cover and towel; Theodora Daniels, aged 11, had a fine crocheted yoke; Mrs. Rose Denning, crocheted yoke, souvenir cushion cover from France; Mrs. Eva Robinson, collection of fancy articles; Mrs. P. G. Barrett, pillow slips and centerpieces; Annie H. Tyner several table pieces and towels; Susie Hutchins Caldwell, general exhibit table runners, etc.; Mrs. Charles F. Rich, centerpiece; Louise Boyles, aged 6, draw work.

A large variety of fancy work contributed by ladies of the Grange was a ready sale. At this table Mrs. George Tyner conducted a guessing contest with beans in a bottle, for a fancy sofa pillow and Mrs. Clement Poland presided over a bunch of string. The person guessing nearest the number of yards in the bottle received a nice wool yarn rug. Mrs. Charlotte Hunting won this article. There were 33 1/4 yards of twine.

Vegetables of fine quality occupied space along one side of the hall. Crestholm Farm, owned by R. M. Tyner was represented by a large display, including apples (15 plates), Glean sweet corn, potatoes, carrots, beans (three varieties), tomatoes, beets, grapes, onions, pears, cabbage, cauliflowers, bee's honey, canned cherries, samples of cream and butter and a plate of eggs. A stock of corn between 12 and 15 feet tall for corn, conspicuous background. This collection won first and special prizes.

O. K. Denning offered a wide selection from Elm Dew Farm, comprising apples (15 plates) tomatoes, Queen and Green Mt. potatoes, beets, squashes and turnips.

W. L. Caldwell showed Green Mt. potatoes and apples. Merritt Caldwell displayed several nice smooth Green Mt. potatoes. True Farm was also strong with large smooth potatoes.

Oxford Town Farm offered fine looking potatoes and a collection of beets and turnips.

Roscoe F. Staples' "boiled dinner" taken from his vegetable garden was a typical display of his annual products. There was celery, cabbage, onions, turnips, tomatoes, carrots, etc., with beautiful asters for a centerpiece.

J. V. Hunting, proprietor of Riverside Farm carried away second prize for his display, which included twelve varieties of beans, yellow, Tom Thumb and snap corn, apples, fresh raspberries, tomatoes, cucumbers, squashes. Asters were also conspicuous.

George A. Poland had Hubbard squash and a bushel of nice potatoes. Squashes were also shown by C. M. Hall.

An interesting collection of articles was in charge of Mrs. Alice King Wilson, who modestly stated this department is in line with her hobby for study and research. One long table was just loaded with valuable heirlooms of more than local interest, many articles replaced years ago by the so called improved products. Mrs. Sadie Grant exhibited a "palsley" shawl at least 80 years old, quaint old china, whale oil lamps, iron candle sticks, pewter coffee urn etc.

Miss Belle Hunt offered three shawls, one a century old and a child's shoulder piece known to have been woven by hand 80 years ago. Mrs. Gardner Edwards had a white knit shawl over 75 years old and an old time combination salt and pepper shaker with napkin ring. Mrs.

Charlotte Hunting displayed a large pewter trencher. Mrs. A. L. Chaplin showed a tiny hat that she wore as a child and a contrast to the wide brimmed creations of to-day. There were also a child's knit cap and a pair of pants' ends. An all wool covered woven 150 years ago by Mary Millett Coy was a curiosity. Howard Coy's collection included brass candle sticks, ink well 100 years old, ox bow pin and Indian relics dug up on his farm in Welchville. Mrs. R. P. Staples had a plate 100 years old, earthen milk pan. Mrs. Henry Barry, fish platter 102 years old. Adelbert Yeaton, magolia ware cake dish.

Mrs. Alice Wilson's collection was a few of many interesting things at her home. This included a pressed quilt, spun and woven by hand, a palsley shawl, pewter plate "of ancient" date, brass candle sticks, very old, snuff box, brass wash dish, and a variety of valuable china and English crockery.

Shay's Popular Orchestra of South Paris played for entertainment during the afternoon and for a dance in the evening, which attracted some 200 people. The hall was crowded but everybody enjoyed the evening, with Chas. H. Brett in charge.

Dinner At least 300 were served in the dining hall. The menu included everything to suit all tastes and uphold the tradition of the Grange. Silver & Tidd of Norway installed a kerosene burner in the range and demonstrated the value of this appliance in cooking a dinner for a hungry multitude. No other fuel was used in preparing the meal. The dinner committee included Mrs. Alice Tyner, Mrs. Howard Coy, Mrs. A. L. Chaplin, Mrs. Shuman Grant, Mrs. Sybil Ross, Mrs. Helen Walker, Mrs. Bert Yeaton, Velma Coy, Elizabeth Hannaford, Anna Jacobson, Ruth Patterson, Rodis Ramsell and Ada Grover. Kitchen committee, Mrs. Harry Hannaford, Mrs. Thomas Teague, Mrs. Charles Best, Mrs. Frank Bowker, Mrs. Gardner Edwards, James Walker, Howard Coy, Bert Yeaton. Mrs. Lizzie M. Fitz was in charge of the pie table.

Baseball Two exciting games were played with Otisfield clearing up without trouble. In the morning Otisfield squeaked Poland with an 11-7 score. After dinner the winners got after Boyles All Stars of Oxford and applied the whitewash to the tune of 8-0. Otisfield is a strong country team having passed the season with but few defeats.

Pulling Horses W. E. Gammon was in charge of the sport which proved exciting and brought out a large field. This year contestants were entered in a general class with the teams weighted at one-half pounds for every pound horse flesh. The course was 288 feet. Only one team failed to make the distance, while pairs from the True Farm and A. B. Grover's small pair returned to the starting point with some to spare. Fifty bushels of oats was the prize to the winner.

Result of the pulling:
A. B. Grover 2595 484 ft.
True Farm 3125 497 " 6 in.
E. Grover 3280 511 " 6 in.
V. R. Mills 2975 269 " 10 in.
O. L. Brett 2800 250 "
Edward Smith 2351 242 "
J. E. Stone 2900 145 "

J. E. Stone's team made a bad "take off" as the pair were hooked up opposite to the positions they had been working. They went into a bad tangle and bolted, several spectators barely escaped injury. Considerable time was lost getting out of the fix but they pulled nicely afterward. The question of allowing a new start was discussed between the judges, the contestants and crowd but as some of the distance pulled remained on record.

CENTER LOVELL Mrs. Lois Littlefield has been spending a few days with relatives at Lovell village.

Mr. Spriggings, Georgianna Davis and Enid Littlefield from Portland called on friends in this vicinity, Sunday.

Fishing Season The fishing season is over and the salmon left in Lake Kezar are glad!

They have been fished continually for the past few weeks. Every hour of daylight has seen men throwing flies of many colors and twelve salmon have been taken, three by fishermen from Camp Andrews while trolling. The first one taken on Saturday was a 14 lb. one and one half pound fish. S. H. Ring of Center Lovell the lucky man. Ralph McAllister caught two fine ones. Mr. Whitehead of New York caught two fine ones, one a 9 lb. beauty. On Thursday Mr. Ring got two, 5 1/2 lbs. each. On that day of open season Chas. Gray caught one that weighed 8 1/2 lbs. and S. H. Ring took one that tipped the scales at 9 1/2 lbs. He will have it mounted and shipped to California where the family will spend the winter, leaving here Oct. 20.

Most of the summer colony has left for city homes. Dr. Bronson and wife left the 28th, staying a month later than usual. Mrs. Linda and two daughters will stay through October and the Scholtz and Whiteheads are still enjoying the fine weather.

Our mountains are gay with color and Lake Kezar was never more beautiful.

Miss Louise Hill, who has been with her brother at Camp Maydorm for the past month left the 24th for her school in Washington, D. C.

G. A. Bradbury and wife (Marion Ring) have spent a two weeks vacation here and are now motoring through Massachusetts.

All thoughts turn to Fryeburg Fair, followed by the World's Fair at Waterford—then winter comes.

NORWAY CENTER Howard Heath and Clark C. Hunt are picking apples for J. M. Wymann. Lester Knighly and family visited at H. A. Knighly's, Sunday.

Elliott Wymann saw a bear in Watson's pine lot Monday night but a shot gun failed to kill him.

Albert Knighly and Elmer Watson were at home from Lewiston, Sunday. A. L. Wymann has been working for Frank Noyes a few days.

THE 48 HOUR LAW

To the Norway Advertiser: Please say in your paper that I am in favor of the 48 hour law, and shall do all I can to put it over, and should it be included men as well as women and children.

Justice and fair play call for an 8 hour day in mills and factories, as well as on the farms, and at the present time 8 hours is a day's work on the farm unless an extra price is paid per day or overtime paid for.

I settled in the town of Gray in 1866 and took most of my farm out of the woods and worked on an average 15 hours a day for over forty years on the farm and other work. The old saying that the people would grow weaker and wiser seems to be coming true, or has the earth marks in that direction. Is it any reason because the men and women of my day and generation worked 15 hours per day that same clip shall be kept up for all time regardless of what improved machinery of all kinds is supposed to do and does do, and does more work in less time than by the old hand methods?

The most of the power plants and manufacturing of all kinds are run by water power in Maine, for which the owners have free use and are tax free up to date. I have no fear of the waterpower fellows leaving their present or prospective waterpower sites in Maine and going down in to the flat-land cotton fields of the South where there is no waterpower as compared with Maine. That cry sounds to me like tin pan music on Fourth of July. It is an old familiar tune kept up by the associated industries of Maine, headed by one of the ablest men in Maine. But the people are looking for more up-to-date and much needed music.

A great effort has been made in the past to carry the waterpower out of the state into other New England states, to lessen the cost of manufacturing where they have to depend on steam. Seems odd that our mill people in Maine want to run off and leave it, but if such is the case, there is seldom no great loss without some small gain, as the same power will give us electric lights and power all over Maine where it is now impossible to get it.

No need to be frightened about the 48 hour law driving anybody out of the state that owns a good waterpower or a site for waterpower and does business by coal power. The difference in hours per week gained by labor if the 48 hour becomes a law, will never drive a waterpower manufacturer into a coal power state, so don't be frightened. Do the manufacturers who are favored with free waterpower and no tax on it sell goods any cheaper than the steam manufacturers? If not, why not?

—Matthew C. Morrill, Gray, Me.

SHALL AN ACT ENTITLED "AN ACT TO AMEND SECTIONS ONE AND THREE OF CHAPTER THREE HUNDRED FIFTY OF THE PUBLIC LAWS OF NINETEEN HUNDRED AND FIFTEEN, RELATIVE TO THE HOURS OF EMPLOYMENT OF WOMEN AND MINORS," BECOME A LAW?

Those in favor of this Act becoming a law will place a cross (X) in the square marked "YES." Those opposed to the Act becoming a law will place a cross (X) in the square marked "NO."

Written petitions addressed to the legislature, signed in the aggregate by not less than twelve thousand electors, were presented to the Eighty-first Legislature, at least thirty days before the close of its session, proposing for its consideration a bill entitled as above recited in the Question. The measure thus proposed was not enacted by the legislature without change; therefore, according to the provisions of section eighteen, of article thirty-one, of the constitution, the same is submitted to the electors for acceptance or rejection. The petitions presented to the legislature contained a request that the Governor issue his proclamation referring the act to the people, at a special election to be held not less than four nor more than six months after said proclamation. The Governor thereupon, by proclamation dated May 18, A. D. 1923, ordered that the measure be referred to the people at a special election to be held on the third Monday in October, being the fifteenth day of said month, A. D. 1923.

Noise—and How to Reduce It

When jazz, symphony or sermon comes forth from your radio, blurred or drowned out by a medley of noises, what do you do? If you are like a great many radio fans, you look to your connections to be sure they are tight, try to tune out the noise, and then, if you fail to get results, decide that it's due to static, and so can't be helped.

Perhaps you're right—it may be static that's causing the trouble, but did it ever occur to you that there might be another explanation—and one that could lead to quick relief?

Well, there frequently is, and it can be summed up in one word—batteries.

"But how can my batteries cause noises?" you ask. To understand the "how" and "why," first consider what your batteries do to keep your set in operation.

Makes Cooking Easy

"I never knew I was such a good cook"

AND I'll have to give most of the credit to our new Glenwood range, it certainly has made a difference in my cooking. I'm spending less time in the kitchen, too.

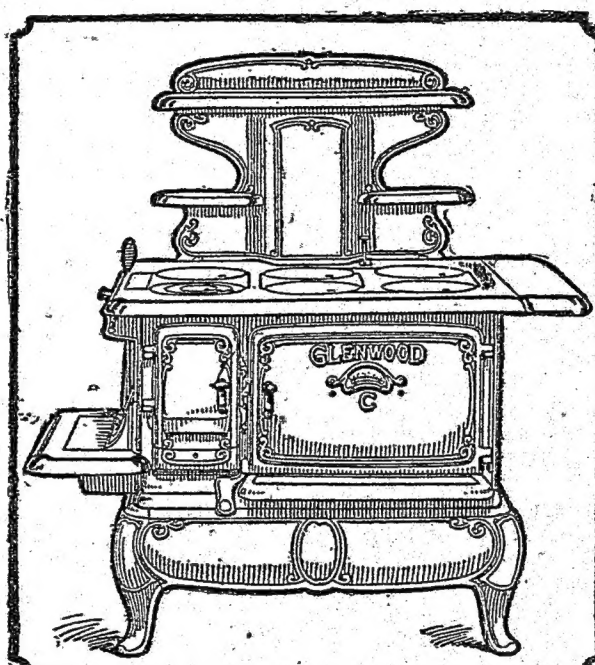

"It's a relief to have a range that doesn't need to be coaxed to cook."

A Glenwood comes as near to making cooking a pleasure as any range can. It does make cooking easy, which is really more important.

The Model "C" Glenwood is illustrated here.

Its big square oven bakes food exactly right—top, bottom and clear through. The balanced baking damper and the Glenwood Patent Indicator take care of that—you can't make a mistake.

Like every Glenwood, the Model "C" is built for a lifetime of service. It will give you a new idea of how easy it is to be a good cook.

UNCLE LEM SAYS

The farmers don't intend to be controlled by the unions, which have no regard for the rights and interests of any class of people but their own, and take no action and have no condemnation for pillage and murder during strikes. Anything to win, whether right or wrong, is their motto. Vote "No" on the 15th of October and bury one proposed fool law out of sight.

Intolerable nuisances: small bore politicians, walking delegates, persons in positions they cannot fill with credit, and educational gumps. The Lewiston Journal appears to be trying to smooth down the bridges which often magnanimously rise on Governor Baxter's spinal column, and is making a mighty poor job of it.

Dunderheads should never be elected to any kind of an office. They are the prey of sharp witted critics who have axes to grind at the public's expense.

Has it been noticed how well the high sheriff of Oxford County is performing his duties? Unlike some of his predecessors, he isn't running his office for political purposes, but keeps on saving wood. It won't be necessary for Governor Baxter to call him down.

There are two senators, Johnsons—Hiram and Magnus. Hiram appears to have lost his voice and given Magnus his turn at the bellows. Great is wind.

The price boosters need attention. A little free trade fuel would surely cook their goose. All other remedies seem to have failed.

The black eagle of the Kennebec Valley appears to be getting ready to swoop down on the bull dog at the State house but—there is many a slip over between drinks.

Senator Oscar W. Underwood of Alabama is a statesman and very much different from the Al Smith breed of political cats. He would make a good President.

What has become of Cabot Lodge. His re-election to the Senate of the U. S. by the skin of his teeth seems to have taken the starch out of him. Recent pictures of him remind me of a school boy who had his candy taken away from him by the teacher, after having been soundly spanked.—Uncle Lem.

United States Senator Frederik Hale will hold a competitive examination on October 27 for the selection of candidates to fill a vacancy at the Military Academy at West Point. This will be held under the auspices of the Civil Service Commission at Portland, Lewiston, Augusta and Bangor. Candidates receiving the highest rank will be appointed principals and alternates to take the regular entrance examination or submit certificates from high school or college in place of the mental and physical examinations.

Candidates must be citizens of the U. S. and between 17 and 22 years of age. Senator Hale must be notified at 121 Senate Office Building, Washington, D. C., before October 15. Candidates should state at which city they wish to take the examination.

Mr. and Mrs. Nelson Wentworth of North Sebago were callers at his sister's, Mrs. Perley Howard's, recently.

TERRIBLE CASE OF ECZEMA

Completely Relieved By "Fruit-a-lives"

The Marvellous Fruit Medicine

"In 1906 I began to be troubled with Eczema. It started on my face and spread. I had to keep my hands tied up at night to prevent digging into my flesh while asleep. My hands sometimes would be so puffed up and swollen I could not operate, and I spent hundreds of dollars seeking relief.

I chanced to read about "Fruit-a-lives" and "Sootha Salva" and used both. Now, I am entirely free of Eczema and my flesh is clear and smooth." Dr. E. N. Olzenham, Dover, N.H.

"Fruit-a-lives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c. or sent, postpaid, by Fruit-a-lives Limited, Ogdensburg, N.Y.

WOMEN OF MIDDLE AGE

Relieved of Nervousness and Other Distressing Ailments by Lydia E. Pinkham's Vegetable Compound

Brooklyn, N. Y.—"I first took Lydia E. Pinkham's Vegetable Compound four

years ago, and am taking it now for the Change of Life and other troubles and I receive great benefit from it. I am willing to let you use my letter as a testimonial because it is the truth. I found your booklet in my letter-box and read it carefully, and that is how I came to take the Vegetable Compound myself. It has given me quiet nerves so that I sleep all night, and a better appetite. I have recommended it already to all my friends and relatives."—Mrs. ENGLEMAN, 2032 Palmetto St., Ridgewood, Brooklyn, N.Y.

For the woman suffering from nervous troubles causing sleeplessness, headache, hysteria, "the blues," Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine. For the woman of middle age who is passing through the trials of that period, it can be depended upon to relieve the troubles common at that time.

Remember, the Vegetable Compound has a record of nearly fifty years of service and thousands of women praise its merit, as does Mrs. Englemann.

You should give it a fair trial now.

FORTY-EIGHT HOUR LAW DAMAGES BUSINESS

E. Howard Bennett of the American Wool and Cotton Reporter, speaking before the Rhode Island Purchasing Agents Association at Providence, R. I., Sept. 19, 1923, comments on "short time" in the following extracts: "Let us bear in mind that there is only one industrial state in the Union that has a forty-eight hour law, namely, Massachusetts. No other industrial state has it. Maine, New Hampshire, Vermont, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, are fifty-four hour states, the southern states are fifty-five hours to sixty hours or without any limit."

"The forty-eight hour question is not a political one—it is a serious economic proposition. Don't let anybody mislead you into believing that a cotton mill or a shoe factory can produce as much goods in forty-eight hours as it can in fifty-four hours. A Draper loom will run 155 to 160 picks a minute. You can't make it work any faster. If your mill operates fifty-four hours a week, a Draper loom will run 160 picks a minute. If your mill runs forty-eight hours a week, a Draper loom will run 160 picks a minute. If you cut the hours of operation from fifty-four hours to forty-eight hours, you will cut the production more than 11 per cent, and there will of necessity follow an increase in the cost of the goods and not a corresponding, but enlarged increase in the cost of the goods and not a corresponding, but enlarged increase in the cost of the finished product to you and to me and to all other consumers."

Take notice voters of Maine! This question must be settled on October 15. It means more than a soft shelled desire to escape a few hours labor—it effects the whole industrial fabric of Maine. Curtailed production drives skyward the cost of the product. Can Maine's industries swim against the tide of competition from states not fettered by a "short time" law? Should the law pass, an elimination of women from the majority of our industries might follow as a natural result. Can the majority of women now employed afford to lose this income? If manufacturers are forced to abandon Maine where do the male employees get off?

DENMARK

Monsen-Williams

A wedding took place Saturday evening at the home of Mr. and Mrs. Frank Williams when Hollis C. Monsen of Woodfords was united in marriage to Bertha Williams of Denmark. Rev. James H. Burck of Brownfield performed the ceremony.

The single ring service was used. Several brothers of the bride, with their families, were present, also the mother of the groom, Mrs. Mary G. Monsen, and sister, Ralph E. Spiller of Webb's Mills had charge of the arrangements and decorations of the home.

Mr. Monsen is in the employ of the Portland Electric Company. After a short bridal trip the young couple will be in Woodfords, where they have arranged for a pleasant home.

Hazel Westworth of Gorham Normal was at home over Sunday.

Sam Small has bought the "Wales place," which gives the family a lovely home, named "Three Elms," and where many guests have stopped this summer.

E. E. Pingree will have a furnace installed in "Davis Home" this fall.

Adle S. Portier, a nurse from White Plains, N. Y., has made many friends here while making material from Denmark to Barker Pond, Hiram, changing Pine Cove Camp in Bridgton (which she has run 3 years) to Barker Pond, Hiram. Her camp program is much the same as that of the local efficient camp manager, C. E. Cobb of Moose Pond and Miss Altschul at Camp Walden, Walden Pond.

The new school building at Denmark is nearly ready for opening of school. This building had for contractor Charles Osgood.

Mrs. Abbie Burleigh has gone to Southern California for the winter.

Wm. H. Allen of Capital City Cottage Sebago returns to his Washington home soon.

Lily May McKusick is at Gray's Business College, Portland.

Mr. and Mrs. G. E. Cobb attended the marriage of their son Roland in Baltimore, Md. last month.

EAST WATERFORD

Lost Heifer

Another nice heifer belonging to C. H. Pride was, missing Saturday morning. After hunting several hours was dead in just the way two others were found. This is the third one he has lost in about two months. Whether from a stray bullet or what is a mystery.

Mr. and Mrs. Kneeland with their daughter and family enjoyed a fine auto ride to Mr. Lovejoy's camp in Mason, Sunday, Sept. 23.

George Stevens and wife attended the West Bethel fair Tuesday, the 18th.

Mr. and Mrs. G. L. Hilton and children of Lewiston, Sunday, Sept. 23.

Will Gordon and family of Mechanic Falls were at their brother's, G. M. Stevens', Sept. 23.

Gilbert B. Moulton and wife with their daughter and husband, Mr. and Mrs. Montie Frost and children all of Sebago Lake spent Sunday with their cousins, Mr. and Mrs. W. V. Kneeland, Sunday the 16th. Mr. Moulton expects to be retired from the R. F. D. delivery this fall as he has been on the route over 21 years.

Bennett Strout of Bridgton was through this village Monday with extracts.

Fred Kilgore and family of Norway called at George Stevens', Sunday the 23rd.

Mr. and Mrs. Hilton were in Norway, Monday evening.

SOUTH OTISFIELD

Mrs. A. S. Ames and two sons, Howard and William Ames, also Mrs. Martha Brayer and Mabel Kenney went to Welchville, Saturday.

Bert Holden is making apple barrels for Forest Edwards.

Mrs. Joseph Foster and two children have been visiting Mrs. Ernest Frye at Cumberland Mills.

Mrs. Hattie Brown has been to Lewiston to see a doctor.

Mrs. Hattie Jordan remains about the same.

Howard Ames, has some nice little pigs.

Mrs. Bertha Smith is working for Mrs. Lottie Edwards.

Silas Whitman and family attended Welchville Fair, Saturday.

Four Generations Helped to better health by this time-tested laxative

Dr. True's Elixir

The True Family Laxative

For over 75 years this pleasant and effective laxative has given proper relief to thousands of men, women and children who have suffered from constipation, deranged stomach, and other troublesome complaints brought on by disordered, sluggish bowels.

For good health—to be free from headaches, bad tasting mouth, all gone feeling in stomach, dizzy spells, constipation, the bowels must be kept tuned up. Nature can be assisted by using Dr. True's Elixir, the True Family Laxative and Worm Expeller.

Safeguard your own health, look after the children who may show signs of worms and should be rid of them the easiest, safest way—by taking Dr. True's Elixir.

Your dealer knows of its worldwide reputation, gained through four generations of public health service. Made from imported herbs of strictly pure quality.

Signs of Worms: Constipation, deranged stomach, swollen upper lip, offensive breath, hard and full stomach with pains, pale face, eyes heavy and dull, short, dry cough, grinding of the teeth, tongue coated and covered with little red points; starting during sleep with troublesome dreams, slow fever.

Mrs. Henry Johnson, 820 Hayward Ave., Baltimore, says: "I have bought Dr. True's Elixir for over ten years and know it is good."

Mrs. H. N. Roberts, 501 Asylum St., Flint, Mich., says: "My little girl is relieved of her worms." And in a later letter wrote: "Baby is fine and it was your medicine, Dr. True's Elixir, that helped her."

Don't experiment—buy Dr. True's Elixir, the True Family Laxative and Worm Expeller. For the whole family, either child or grandparent. 40c, 60c, \$1.20.

Vote on the 48-Hour Law Referendum

NO X

On October 15th

Every man and woman voter in Maine is in duty bound to express opinion on a proposed law which shall make it an offence against the law for any person employing a woman in any capacity in any sort of industry in Maine, for more than 48 hours in any one week.

The Present

Law permits women to work 54 hours a week. This law will reduce the hours of work SIX hours a week.

If You Pass This Law

It Will Put Maine at an 11 Percent Disadvantage

With Every Other Industrial State in the United States Making

Cotton and Woolen Goods and Shoes, Except One.

IF THIS LAW affecting women is passed, every cotton mill and every shoe shop will be put on the 48-hour basis. IT WILL tend to throw women out of work. IT WILL damage the values of farm-property. IT WILL increase the danger of Southern competition in cotton-mills. IT WILL increase the present movement of shoe-industry toward the Middle West. IT WILL prevent new industries from coming to Maine, to locate. IT WILL cause Maine capital now in the cotton-manufacturing business to put their money in the South, instead of building new mills here. IT WILL be a blow to Maine, which is already having a hard enough time to get along.

Be sure to VOTE

And if you want to save Maine from a serious handicap at this time, when Southern Mills and shops are working as they please, vote NO.

EGG LAYING CONTEST

The extension service of the College of Agriculture, University of Maine, will conduct a winter egg laying contest, to begin Nov. 1 and continue six months. The rules governing are practically the same as those in last winter's contest. It is not actually rated as an official contest, but is more in the nature of a demonstration of the effectiveness of systematic housing, feeding and care.

Each contestant selects 25 pullets of any standard breed and variety, keeps them on his farm in an open-front house and feeds and manages them according to instructions furnished by the extension service. He has an opportunity to compare the results obtained from the contest flock with his pullets fed and managed in any other way.

He will weigh their feed; keep an accurate account of its cost and of the number of eggs laid and the receipts from sales, sending this information to the College of Agriculture extension service at Orono at the end of each month. A summary of records from all the pens will be made, and each contestant furnished a report of the individual results and averages, so he may compare them with the results from his pen. Analyses of these reports should prove whether pullets can be made to pay a profit during cold weather, and some of the factors influencing production. The competitive part of the contest simply adds interest. Entries will close October 20. Rules and entry blanks may be obtained from the county agents.

FRYEBURG CATTLE SHOW AND FAIR

The weather clerk was kind to the West Oxford Agricultural Society's 73rd exhibition. Three days of the best sort of weather and all roads leading to the Fryeburg Fair Grounds, were in use.

On Wednesday morning an inspection of the grounds showed all the departments well filled with exhibits and a second day record braving crowd was gathering. One entrance gate is too small to easily handle the in coming rush.

A special exhibition building for poultry has been built this season and it is full to overflowing with the largest display of poultry ever gathered in this vicinity. A thousand running feet of running wire-cooping is filled.

Music for the three days was furnished by the North Fryeburg Band under the leadership of Dana Farrington. Exhibition Hall was well filled. Pig-wake, Pangs and Fryeburg Center Granges competing. The State Agricultural Department of Augusta was represented and Mr. Curtis of the Forestry Department was explaining the pine blight problem. The boys' and girls' agricultural club made a fine display and attracted much attention.

A report of the award of premiums will appear in our next issue.
